M. DIVYA SREE

divya.nirvana04@gmail.com | +91 8392031163 | GitHub | LinkedIn | Portfolio

Professional Summary

Computer Science and Systems Engineering undergraduate with hands-on experience in full-stack development, API integration, database systems, and AI-powered applications. Interested in Artificial Intelligence, Machine Learning, and applied computing research. Eager to strengthen programming, analytical, and research skills while contributing to practical research problems.

Education

B.Tech – Computer Science and Systems Engineering (CSSE) **Expected 2028**
Lendi Institute of Engineering and Technology, Vizianagaram **CGPA: 8.47/10 | SGPA: 9.5/10**

Relevant Coursework: Data Structures and Algorithms, Database Management Systems, Operating Systems, Computer Networks, Design and Analysis of Algorithms(DAA), Natural Language Processing(NLP)

Technical Skills

Programming Languages: Python, Java, C, JavaScript, TypeScript

Web Technologies: HTML5, CSS3, React, Next.js, Tailwind CSS

Backend and APIs: FastAPI, Flask, REST APIs, JWT Authentication, API Integration

Databases: PostgreSQL, MongoDB, MySQL

Tools and Platforms: Git, GitHub, VS Code, Vercel, Clerk, Supabase

Experience

Full Stack Web Development Intern ***Completed***
Kinetrexa Software Private Limited

- **Contributed to the development of EduCore, a student management web application.**
- **Worked with Next.js 16 (App Router), TypeScript, and Tailwind CSS v4 for frontend development.**
- **Integrated a FastAPI backend with JWT-based authentication and PostgreSQL, with deployment through Vercel.**

Data Management Intern ***Present – Paid***
Edgroom

- **Update, organize, and maintain structured data assets through database-related operations.**

Selected Projects

QuizEm – AI-Powered Quiz Generation Platform

- **Developed a full-stack application that generates customized quizzes based on user-selected configurations.**
- **Integrated Google Gemini AI and Groq APIs into the quiz-generation workflow.**

Technologies: Next.js, TypeScript, Tailwind CSS, shadcn/ui, Clerk, Supabase, Gemini AI, Groq, Vercel

isCandid – Browser-Based Website Genuineness Analysis System

- **Built a browser-side consumer tool that checks website trust signals to flag potentially fraudulent storefronts.**

Technologies: HTML, CSS, JavaScript, Python, MongoDB

Local for Vocal – E-Commerce Platform

- **Designed an e-commerce platform concept connecting regional artisans directly with consumers.**

Technologies: HTML, CSS, JavaScript, PHP

Research Interests

Artificial Intelligence, Machine Learning, Applied Computing, Software Systems

Leadership and Achievements

- **President, National Entrepreneurship Cell (E-Cell), IIT Bombay at LIET** **2026–Present**
- **Winner, JNTU-GV Chess Championship** **2026**
- **Selected for AIU South Zone Inter-University Chess Championship for Women (2025–26), representing JNTU-VZM.**

Additional Information

Languages: Fluent in four languages | Interests: Chess, Music, Reading, Coding
